<p>Key issues</p>	<ul style="list-style-type: none"> <li>• Health London Partnership - this body is still active in co-ordinating health strategy in London, and Wandsworth are contributing £286K this year.</li> <li>• 2018/19 Budget &amp; Planning &amp; Commissioning - is being submitted to NHS England for approval - much confidence over budget with very strong belief that it is realistic and achievable, despite some savings totals not being identified. Sarah Blow noted that there is s no agreement (or mechanism) to move money/resources round SW London.</li> <li>• Remaining papers were to do with maintenance, finance, performance and committee reports.</li> </ul>
